

MODEL DR100 CATERING TRUCK

Silver Star Metal Fabricating Inc. has been manufacturing high quality stainless steel catering trucks for over 25 years. Our goal is to provide customers with the highest quality, outstanding service and on-time delivery.

Our standard catering units are built with full tubular frames, insulated and are finished in a type 304 stainless steel exterior body. Each unit is carefully designed to be ergonomic and constructed to be durable. We use only the top quality raw materials and components to ensure the best possible final product.
